ab:

ab/02-10-01: UML™ Profile for CORBA Components RFP

(Contact: Ms. Linda Strick)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad:

ad/99-08-08: UML 2.0 RFI, final version

(Contact: Mr. Cris Kobryn)

This document was issued at the San Jose PTC Meeting

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/99-03-13: UML Profile for Scheduling, Performance, and Time RFP

(Contact: Mr. Bran Selic)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/99-03-12: Human-Usable Textual Notation for UML EDOC Profile RFP

(Contact: Mr. David Frankel)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/99-03-11: UML Profile for CORBA RFP

(Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/99-03-10: UML Profile for Enterprise Distributed Object Computing (EDOC) RFP

(Contact: Mr. David Frankel)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/98-11-01: Action Semantics for the UML RFP

(Contact: Mr. James J. Odell)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/97-08-07: UML Extension for Business Modeling (6 of 10), v1.1

[Rational and UML Partners] (Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/97-08-06: UML Extension for Objectory Process for Software Engineering (5 of 10), v1.1

[Rational and UML Partners] (Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/97-08-05: UML Notation Guide (4 of 10), v1.1

[Rational and UML Partners] (Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [ZIP archive](#), [PostScript](#), [PDF](#)

This document is available to the general public.

ad/97-08-04: UML Semantics and appendices (3 of 10), v1.1

[Rational and UML Partners] (Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/97-08-03: UML Summary (2 of 10), v1.1

[Rational and UML Partners] (Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/97-08-02: UML Proposal Summary (1 of 10)

[Rational and UML Partners] (Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/05-04-02: Semantics of a Foundational Subset for Executable UML Models RFP

(Contact: Mr. Stephen J. Mellor)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/03-03-41: UML for Systems Engineering RFP

(Contact: Mr. Sanford A. Friedenthal)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/03-03-36: Change Log for U2P UML 2.0: Infrastructure Abstract Syntax convenience document

(Contact: Mr. Cris Kobryn)

This file records changes made to the abstract syntax of the U2P UML 2.0: Infrastructure, 3rd. revision between the 6 January 2003 submission and the 3 March 2003 change summary and convenience documents. More specifically it records changes between ad/03-01-05 (MDL for U2 Partners' UML 2.0: Infrastructure, 3rd. revision) and ad/03-03-05 (U2P UML 2.0: Infrastructure Abstract Syntax convenience document)

Formats: [ASCII](#)

This document is available to the general public.

ad/03-03-07: Change Summary for U2 Partners' UML 2.0: Infrastructure, 3rd rev

(Contact: Mr. Cris Kobryn)

Change summary for technical corrections recommended to be made to the U2 Partners' UML 2.0: Infrastructure, 3rd revision (ad/03-01-01). This Change Summary is accompanied by three convenience documents that implement the recommended corrections to the PDF, XMI and MDL files: ad/03-03-01, ad/03-03-03, and ad/03-03-05, respectively.

Formats: [ZIP archive](#), [PDF](#)

This document is available to the general public.

ad/03-01-07: UML 2.0 OCL 2nd revised submission

(Contact: Dr. Jos Warmer)

Submission by Boldsoft, Rational, IONA, and Adaptive. The submission is supported by Klasse Objekten, Borland, King College, University of Bremen, Dresden University of technology, Kabira, IBM, Telelogic, University of Kent, Project technology, University of York, Compuware, Syntropy, Oracle, and Softeam

Formats: [PDF](#)

This document is available to the general public.

ad/03-01-05: MDL for U2 Partners' UML 2.0: Infrastructure, 3rd. revision

(Contact: Mr. Cris Kobryn)

Rose model (MDL) for U2 Partners' UML 2.0: Infrastructure, 3rd revised submission (ad/03-01-01).

Formats: [ZIP archive](#)

This document is available to the general public.

ad/03-01-03: XMI for U2 Partners' UML 2.0: Infrastructure, 3rd. revision

(Contact: Mr. Cris Kobryn)

XMI for U2 Partners' UML 2.0: Infrastructure, 3rd revised submission (ad/03-01-01)

Formats: [ZIP archive](#)

This document is available to the general public.

ad/03-01-01: U2 Partners' UML 2.0: Infrastructure, 3rd revised submission

(Contact: Mr. Cris Kobryn)

Third revised joint submission by the U2 Partners (Alcatel, CA, ENEA, Ericsson, HP, IBM, I-Logix, IONA, Kabira, Motorola, Oracle, Rational, Softeam, Telelogic, Unisys, and WebGain) in

response to the UML 2.0 Infrastructure RFP (ad/00-09/01). Supporters include: Advanced Concepts Center LLC, Ceira Technologies, Commissariat à L'Energie Atomique, Compuware, DaimlerChrysler, Embarcadero Technologies, France Telecom, Fraunhofer FOKUS, Fujitsu, Gentleware, Intellicorp, Jaczone, Kennedy Carter, Klasse Objecten, KLOCwork, Lockheed Martin, Mercury Computer, MSC.Software, Northeastern University, Popkin Software, Proforma, Sims Associates, Syntropy Ltd., Thales Group, University of Kaiserslautern, University of Kent, VERIMAG, and 88solutions

Formats: [ZIP archive](#), [PDF](#)

This document is available to the general public.

ad/02-12-20: Revised submission to the UML2 Diagram Interchange RFP

(Contact: Dr. Marko Boger)

No description of this document is available.

Formats: [PDF](#), [Word](#)

This document is available to the general public.

ad/02-06-22: Updated UML RTF Recommended Draft for UML 1.4.1

(Contact: Mr. Cris Kobryn)

UML Revision Task Force draft for UML 1.4.1

Formats: [PDF](#)

This document is available to the general public.

ad/02-01-17: UML for Systems Engineering RFI

(Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDE](#), [Word](#)

This document is available to the general public.

ad/02-01-07: UML Profile for Modeling QoS and FT Characteristics and Mechanisms RFP

(Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDE](#), [Word](#)

This document is available to the general public.

ad/01-07-08: UML Testing Profile RFP

(Contact: Dr. Ina Schieferdecker)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/01-06-10: The Joint UML for EDOC Submission - Supporting Annexes (Part 2)

(Contact: Mr. Sandy Tyndale-Biscoe)

submitted by CBOP, Data Access Technologies, DSTC, EDS, Fujitsu, IBM, Iona Technologies, Open-IT, Sun Microsystems and Unisys

Formats: [ZIP archive](#)

This document is available to the general public.

ad/01-02-39: UML 2.0 Diagram Interchange RFP

(Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/00-09-03: UML 2.0 OCL RFP

(Contact: Dr. Andy Evans)

A UML 2.0 RFP that is primarily concerned with specifying an OCL metamodel.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/00-09-02: UML 2.0 Superstructure RFP

(Contact: Dr. Thomas Weigert)

A UML 2.0 RFP that is primarily concerned with the refinement and extension of UML 1.x semantics and notation.

Formats: [PDF](#), [ASCII](#), [RTF](#), [PostScript](#), [Word](#)

This document is available to the general public.

ad/00-09-01: UML 2.0 Infrastructure RFP

(Contact: Mr. Cris Kobryn)

A UML 2.0 RFP that is primarily concerned with architectural alignment, restructuring and extension mechanisms.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/00-03-07: UML Profile for Event-based Architecture in EAI RFP

(Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ad/00-03-06: UML Profile for Event-based Architecture in EAI RFP

(Contact: Mr. Juergen Boldt)

change bar version

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

bom:

bom/00-12-11: UML Extensions for Workflow Process Definition RFP

(Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

dtc:

dtc/05-09-12: UML Profile for DoDAF/MODAF (UPDM) RFP

(Contact: Dr. Fatma Dandashi)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PDF](#), [Word](#)

This document is available to the general public.

finance:

finance/08-05-01: UML Profile for XBRL Global Ledger (GL) Framework RFI

(Contact: Mr. Eric E. Cohen)

The purpose of this document is to identify parties with an interest in formal models for operational and accounting systems integration with a focus on those willing to participate in the development of UML models of XBRL GL and specifically a UML Profile for XBRL GL

Formats: [RTE](#), [PDF](#), , [Word](#)

This document is available to the general public.

fm:

fm/04-05-01: UML 2.0 Final Adopted specification - FrameMaker files

(Contact: Ms. Linda Heaton)

This includes the FrameMaker files for ptc/03-08-02.

Formats:

Note: Not yet available.

This document is available to the general public.

formal:

formal/99-06-01: OMG Modeling Book

(Contact: Mr. Juergen Boldt)

The OMG Modeling book has been separated into the following documents. UML 1.3 - refer to formal/00-03-01 MOF 1.3 - refer to formal/00-04-03

Formats: [PDF](#)

This document is available to the general public.

formal/08-04-08: UML Profile for Modeling Quality of Service & Fault Tolerance Characteristics & Mechanisms, v1.1

(Contact: Ms. Linda Heaton)

With change bars

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/08-04-07: UML Profile for CORBA & CORBA Components, v1.0

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/08-04-06: UML Profile & Metamodel for Voice-based Applications, v1.0

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/08-04-05: UML Profile for Modeling Quality of Service & Fault Tolerance Characteristics & Mechanisms, v1.1

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/07-11-04: UML Infrastructure, v2.1.2

(Contact: Ms. Linda Heaton)

Prepared without change bars. Supersedes formal/07-02-06 (V2.1.1)

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/07-11-03: UML Infrastructure, v2.1.2

(Contact: Ms. Linda Heaton)

Prepared with change bars. Supersedes formal/07-02-04 (v2.1.1)

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/07-11-02: UML Superstructure, v2.1.2

(Contact: Ms. Linda Heaton)

Prepared without change bars. Supersedes formal/07-02-05, v2.1.1

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/07-11-01: UML Superstructure, v2.1.2

(Contact: Ms. Linda Heaton)

Prepared with change bars. Supersedes formal/07-02-03 (v2.1.1)

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/07-02-06: UML Infrastructure, v2.1.1

(Contact: Ms. Linda Heaton)

Non-change bar version

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/07-02-05: UML Superstructure, v2.1.1

(Contact: Ms. Linda Heaton)

Non-change bar version

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/07-02-04: UML Infrastructure Specification, v2.1.1

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/07-02-03: UML Superstructure, v2.1.1

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/06-08-01: UML Profile for System on a Chip (SoC), v1.0.1

(Contact: Ms. Linda Heaton)

This document supersedes formal/06-06-01.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/06-06-01: UML Profile for System on a Chip (SoC), v1.0

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/06-05-02: UML Profile for Modeling QoS and FT Characteristics and Mechanisms, v1.0

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/05-08-03: UML Profile for CCM supporting files

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [ZIP archive](#)

This document is available to the general public.

formal/05-07-07: UML 2.0 Testing Profile

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/05-07-06: UML Profile for CCM, v1.0

(Contact: Ms. Linda Heaton)

Unified Modeling Language for CORBA Components

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/05-07-05: UML Infrastructure Specification, v2.0

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/05-07-04: UML Superstructure Specification, v2.0

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [ZIP archive](#), [PostScript](#), [PDF](#)

This document is available to the general public.

formal/05-04-01: Unified Modeling Language (UML), v1.4.2

(Contact: Ms. Linda Heaton)

This specification is also available from ISO as ISO/IEC 19501.

Formats: [PostScript](#), [PDF](#)

Note: Supersedes formal/04-07-02

This document is available to the general public.

formal/05-01-02: UML Profile for Schedulability, Performance, and Time, v1.1

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/04-07-02: UML, version 1.4.2

(Contact: Ms. Linda Heaton)

Editorial revision to the UML 1.4.1 specification due to ISO changes. This version is in step with the ISO submission.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/04-04-04: UML 1.5 Interchange Artifacts

(Contact: Ms. Linda Heaton)

This document is based on ptc/02-09-03 with the standard OMG copyright information added.

Formats: [ZIP archive](#)

This document is available to the general public.

formal/04-03-26: UML for Enterprise Application Integration, v1.0

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/04-02-07: UML Profile for Relationships, v1.0

(Contact: Ms. Linda Heaton)

Part of the UML Profile for Enterprise Distributed Object Computing (EDOC) specification.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/04-02-06: UML Profile for Meta Object Facility (MOF), v1.0

(Contact: Ms. Linda Heaton)

Part of the UML Profile for Enterprise Distributed Object Computing (EDOC) specification.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/04-02-05: UML Profile for Enterprise Collaboration Architecture (ECA), v1.0

(Contact: Ms. Linda Heaton)

Part of the UML Profile for Enterprise Distributed Object Computing (EDOC) specification.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/04-02-04: UML Profile for Patterns, v1.0

(Contact: Ms. Linda Heaton)

Part of the UML Profile for Enterprise Distributed Object Computing (EDOC) specification.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/04-02-02: Metamodel and UML Profile for Java and EJB, v1.0

(Contact: Ms. Linda Heaton)

Part of the UML Profile for Enterprise distributed Object Computing (EDOC) specification.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-12-01: Unified Modeling Language (UML), v 1.5.1

(Contact: Ms. Linda Heaton)

This is an editorial update of version 1.5.

Formats:

Note: Not yet available.

This document is available to the general public.

formal/03-09-01: UML Profile for Schedulability, Performance, and Time, v1.0

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-18: UML 1.5 Reference Sheet

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-17: UMI 1.5 Index

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-16: UMI 1.5 Glossary

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-15: UMI 1.5 - Appendix B - Action Language Examples

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-14: UML 1.5 Appendix A - UML Standard Elements

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-13: UML 1.5 chapter 6 - Object Constraint Language Specification

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-12: UMI 1.5 chapter 5 - UML Model Interchange

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-11: UMI 1.5 chapter 4 - Example Profiles

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-10: UMI 1.5 chapter 3 - UML Notation Guide

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-09: UML 1.5 chapter 2 - UML Semantics

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-08: UMI 1.5 Chapter 1 - UML Summary

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-07: UMI 1.5 Preface

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-06: UML 1.5 Foreword

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-05: UMI 1.5 table of contents

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-03-04: UMI 1.5 Cover Page

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/03-02-04: UML 1.4.1 - ISO format

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats:

Note: Not yet available.

This document is available to the general public.

formal/02-07-01: XMI DTD 1.0 for UML 1.3

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [ASCII](#)

This document is available to the general public.

formal/02-04-02: UML Profile for CORBA Summary IDL

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [ASCII](#)

This document is available to the general public.

formal/02-04-01: UML Profile for CORBA specification

(Contact: Ms. Linda Heaton)

UML Profile for CORBA, v1.0

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-80: UML 1.4 - Index

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-79: UML 1.4 - Appendix B - Glossary

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-78: UML 1.4 - Appendix A - UML Standard Elements

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-77: UML 1.4 - chapter 6 - Object Constraint Language Specification

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-76: UML 1.4 - chapter 5 - UML Model Interchange

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-75: UML 1.4 - chapter 4 - UML Example Profiles

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-74: UML 1.4 - chapter 3 - UML Notation Guide

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-73: UML 1.4 - chapter 2 - UML Semantics

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-72: UML 1.4 - chapter 1 - UML Summary

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-71: UML 1.4 Preface

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-70: UML 1.4 Foreword

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-69: UML 1.4 Table of contents

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-09-68: UML 1.4 Cover

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PostScript](#), [PDF](#)

This document is available to the general public.

formal/01-04-03: UML and MOF DTD files

(Contact: Ms. Linda Heaton)

Zippered file that contains the UML 1.3 and MOF 1.3 DTD text files.

Formats: [ZIP archive](#)

This document is available to the general public.

formal/00-03-02: UML 1.3 IDL

(Contact: Mr. Juergen Boldt)

Convenience document for UML 1.3 IDL

Formats: [ASCII](#)

This document is available to the general public.

formal/00-03-01: Unified Modeling Language (UML) 1.3 specification

(Contact: Mr. Juergen Boldt)

Complete UML 1.3 specification.

Formats: [Gzipped PostScript](#), [PostScript](#), [Gzipped PDF](#), [PDF](#)

This document is available to the general public.

gov:

gov/05-11-05: UML Profile for DODAF

(Contact: Mr. Larry L. Johnson)

Presentation at the MDA in US Government Workshop by Fatma Dandashi, PhD., Mitre Corp. (see the workshop overview in the Proceedings, gov/2005-11-01)

Formats: [PowerPoint](#), [PDF](#)

This document is available to the general public.

liaison:

liaison/03-05-01: Disposition of comments for UML 1.4 and UML 1.4.1

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PDF](#), [Word](#)

This document is available to the general public.

mars:

mars/08-06-09: UML Profile for Advanced and Integrated Telecommunication Services RFP

(Contact: Mr. Mariano Belaunde)

No description of this document is available.

Formats: [RTE](#), [PDF](#), [Word](#)

This document is available to the general public.

mars/06-09-40: UML™ Profile for Data Distribution Service RFP

(Contact: Mr. Sam Mancarella)

No description of this document is available.

Formats: [RTE](#), [PDF](#), [Word](#)

This document is available to the general public.

mars/05-04-24: UML Profile for CORBA and CORBA Components RFP

(Contact: Mr. Tom Ritter)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

mars/03-07-01: UML Profile for CORBA Components 2nd revised submission

(Contact: Ms. Julia Reznik)

Revised submission by Alcatel, Fraunhofer FOKUS, and Thales. The submission is supported by IKV ++ Technologies AG, LIFL, and Tu Berlin

Formats: [PDF](#), [Word](#)

This document is available to the general public.

omg:

omg/08-06-46: Session 2: UML & Profiles

(Contact: Mr. James Bruck)

Experiences of an Eclipse UML2 Developer Working with the OMG UML® Specification

Formats: [PowerPoint](#), [PDF](#),

This document is available to the general public.

pas:

pas/05-01-01: UML 1.4.2 - ISO format

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PDF](#)

Note: supersedes pas/04-11-01

This document is available to the general public.

pas/04-11-01: UML 1.4.2 - ISO format

(Contact: Ms. Linda Heaton)

Supersedes pas/04-10-01

Formats: [PDF](#)

This document is available to the general public.

pas/04-10-01: ISO/UML 1.4.2 specification

(Contact: Ms. Linda Heaton)

Final edits to the UML PAS specification. Replaces pas/04-07-05.

Formats: [PDF](#)

This document is available to the general public.

ptc:

ptc/07-08-09: SPEM 2 FTF - UML profile XMI files

(Contact: Dr. Peter Haumer)

No description of this document is available.

Formats: [ZIP archive](#)

This document is available to the general public.

ptc/07-08-04: UML Profile for MARTE, Beta 1

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/04-09-01: UML Profile for Modeling Quality of Service and Fault Tolerance Characteristics & Mechanisms

(Contact: Ms. Linda Heaton)

Final adopted specification

Formats: [PDF](#)

This document is available to the general public.

ptc/04-06-01: UML Profile for QoS and FT Draft Adopted Specification

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/03-10-11: UML for EAI FTF Final Convenience Document

(Contact: Dr. Robert Phippen)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/03-10-10: UML for EAI FTF Final Report

(Contact: Dr. Robert Phippen)

No description of this document is available.

Formats: [PostScript](#), [PDF](#), [Word](#)

This document is available to the general public.

ptc/03-09-15: UML 2.0 Infrastructure Final Adopted Specification

(Contact: Mr. Pete Rivett)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/03-09-01: UML 2.0 Diagram Interchange final adopted specification

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/03-08-08: UML 2.0 OCL Draft Adopted Specification

(Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/03-08-03: UML 2.0 Testing Profile final adopted specification

(Contact: Dr. Oystein Haugen)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/03-08-02: UML 2.0 Superstructure Final Adopted specification

(Contact: Mr. Bran Selic)

No description of this document is available.

Formats: [ZIP archive](#), [PDF](#)

This document is available to the general public.

ptc/03-08-01: UML Profile & Interchange Models for EAI FTF Interim Convenience Document

(Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/03-07-06: UML 2.0 Superstructure Draft Adopted Specification

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/03-07-05: UML 2.0 Infrastructure Draft Adopted Specification

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats:

Note: Not yet available.

This document is available to the general public.

ptc/03-07-03: UML 2.0 Diagram Interchange draft adopted specification

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/03-07-01: UML Testing Profile Draft Adopted Specification

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/03-02-02: UML for EAI FTF convenience document

(Contact: Mr. Juergen Boldt)

changes discussed in ptc/2003-02-01 are applied to this document

Formats: [PDF](#)

This document is available to the general public.

ptc/02-11-01: UML Profile for Schedulability, Performance & Time final adopted specification

(Contact: Mr. Alan Moore)

Supersedes ptc.02-03-02

Formats: [PDF](#)

This document is available to the general public.

ptc/02-09-04: UML 1.5 Models in MDL Format - Action Semantics FTF outcome

(Contact: Mr. Conrad Bock)

Action Semantics FTF outcome

Formats: [ZIP archive](#)

This document is available to the general public.

ptc/02-09-03: UML 1.5 Interchange artifacts - Action Semantics FTF outcome

(Contact: Mr. Conrad Bock)

Action Semantics FTF outcome

Formats: [ZIP archive](#)

This document is available to the general public.

ptc/02-09-02: UML 1.5 Recommended Available Specification - Action Semantics FTF outcome

(Contact: Mr. Conrad Bock)

(UML 1.4.1 with finalized action model)

Formats: [ZIP archive](#), [PDF](#)

This document is available to the general public.

ptc/02-02-05: UML Profile for EDOC final adopted specification

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/02-02-02: UML for EAI Final adopted specification

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/02-01-21: UML Profile for EAI Draft Adopted specification

(Contact: Dr. Robert Phippen)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/02-01-20: UML Profile for Scheduling draft adopted specification

(Contact: Mr. Bran Selic)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/02-01-09: UML 1.4 with Action Semantics, Final Adopted Specification

(Contact: Mr. Conrad Bock)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

ptc/01-12-04: UML Profile for EDOC Draft Adopted Spec

(Contact: Mr. Keith Duddy)

No description of this document is available.

Formats: [ZIP archive](#), [PDF](#)

This document is available to the general public.

realtime:

realtime/05-02-06: UML Profile for Modeling and Analysis of Real-Time and Embedded systems (MARTE) RFP

(Contact: Dr. Laurent Rioux)

No description of this document is available.

Formats: [ASCII](#), [RTF](#), [PDF](#), [Word](#)

This document is available to the general public.

realtime/04-06-15: UML Extension Profile for SoC

(Contact: Mr. Juergen Boldt)

No description of this document is available.

Formats: [Word](#)

This document is available to the general public.

smisc:

smisc/04-12-05: UML Profile for Schedulability, Performance, and Time, v1.1

(Contact: Ms. Linda Heaton)

No description of this document is available.

Formats: [PDF](#)

This document is available to the general public.

soa:

soa/06-09-09: UML Profile and Metamodel for Services (UPMS) RFP

[Jim Amsden, James Odell] (Contact: Mr. James J. Odell)

No description of this document is available.

Formats: [PDF](#), [Word](#)

This document is available to the general public.

syseng:

syseng/02-01-01: UML for Systems Engineering Request For Information

(Contact: Mr. Sanford A. Friedenthal)
